

# JUNE 2020 YEAR-TO-DATE IMPACT REPORT

**This has been an extremely tumultuous year for Erie and for our country.**

With restrictions due to the COVID-19 pandemic, Erie Downtown Partnership has made several changes to our operations and has pivoted to make sure our resources were best used to help our Downtown Community.

We redirected grant funds, altered our events and activation plans, and bolstered our Downtown economy with gift certificate sales, marketing, and a crowd funding campaign.

Here's a short summary of everything we have worked very hard to accomplish in the past six months:
