Erie, PA – The Erie Downtown Partnership will be joining new downtown business Barks & Brews to celebrate the official opening of their unique dog park and daycare facility partnered with Voodoo Brewing Co. at the historic Boston Store in Downtown Erie on Saturday, July 26th from 1:00-4:00 PM!

Barks & Brews is a unique and welcome addition to Erie, giving dog owners the perfect place to enjoy craft beer and elevated pub fare while their pups play in a clean, safe off-leash environment. Located within Voodoo Brewing Co., the innovative space features dog portrait murals by local artist Ceasar Westbrook and will offer doggy daycare services, private birthday parties, and monthly events for both humans and their four-legged companions. The Opening Paw-ty will feature splash pads for the dogs, local vendors including dog walking services, paw print art (free for the first 20 dogs), and complimentary ice cream from Alsies ice cream truck. The facility will officially open for business on Sunday with dog registration available at barksandbrewserie.com.

For more information and dog registration, you may visit barksandbrewserie.com.
